

THE BIRD

There was a bird that lived in the desert, very sick, without feathers, nothing to eat, drink, and no shelter to live; cursing his life, day and night.

One day, an angel was crossing that desert and the bird stopped the angel & asked:

Where are you going?

The angel replied:

I'm going to meet God.

So the bird asked the angel to please ask God when his suffering would end.

The angel said to him:

Of course, I will do it!

And the angel said goodbye to the bird.

When meeting God, the angel shared the message of the bird.

The angel told him of his pathetic condition & asked when his suffering would end.

God replied:

During what remains of life, the bird will not have happiness ...

The angel replied that when the bird heard this, it would be discouraged.

So he asked if you could suggest any solution for this.

God replied:

Tell him to pray this way: **"Thank God for everything"**

The angel returned to the bird and delivered the message of God.

A week later, the angel went down the same path again and saw that the bird was very happy.

The feathers had grown on its body, a small plant grew in the desert area, a small pool of water was also there, and the bird was already singing and dancing happily.

The angel was amazed at how this happened because he remembered that God said that for what was left of life, there would be no happiness for the bird.

With that concern in mind, he went to visit God again.

The angel asked and God answered:

Yes, there would be no happiness for the bird, but everything changed because the bird is praying daily **"Thank God for everything"**, in every situation.

When the bird fell on the hot sand, it said _ **"Thank God for everything"** _ .
When he could not fly, he repeated _ **"Thank God for everything"** _ , so whatever the situation, the bird kept repeating _ **"Thank God for everything"** _ and therefore changed what was left of his life "

When I heard this story, I felt a huge change in the way I feel, think, accept and see life.

Whatever the situation I was facing, I began to repeat that simple prayer

“THANK GOD FOR EVERYTHING”

It helped me change my point of view of what I didn't have and what I have in my life.

Similarly, I began to share this story with all my family and friends, which brought a great change in our behaviours.

This simple prayer really had a profound impact: I started to feel how blessed I am, how happy I am, how good life is!

This message wants to make us aware of how powerful the "**power of gratitude**" is.

A simple word, a simple thought, that teaches us to be grateful for everything we have in our lives, has the power to dissolve any "situation" that we have been carrying throughout our lives.

Be grateful and you will see the change in your life.

Be humble and never have doubts.

Thanks God for everything
