

YOUR IDENTITY

We are all God's creation. God created each and every one for a purpose. One should know his or her purpose of life. Many of us have an identity crisis. We don't know who we are. If you're asked, "Who are you?" how would you describe yourself after telling them your name? Would you tell them about your occupation? Your role in the family, gender, nationality? etc.

The lockdown has given each one of us time to think about this. Sit still for a few minutes every day, look deeply inside yourself, do some soul searching.

You are a divine being. You are not ordinary. You have divinity within you. You're a source of love and compassion.

You're here for a divine purpose. There is more to life than earning, eating, or sleeping. Find out what your purpose is.

Make a list of words that define you. These words must be positive and uplifting.

As a child, you probably knew who you are but growing up your identity got lost in people's definition about you. Use this time given to you to find out your true identity.

In the coming days start defining yourself. You will find your purpose.

Make your day joyful
